Exceptional Prostate Cancer Care

We treat **MORE** prostate cancers than any other centre in Ireland.

We are the **ONLY** centre with all types of surgical and radiation therapy.

We perform the MOST robotic-assisted prostatectomies. The Mater Private first established a robotic-assisted surgical programme in 2010. Since then almost 2000 patients have benefitted from this type of surgery.

FIRST centre to offer **RADIOACTIVE SEED IMPLANTATION (RASI).**

First and only private centre to offer **HIGH DOSE BRACHYTHERAPY (HDR).**

E-Referrals available.

For further information call our E-Referrals helpline on **1800 80 42 22** or email your enquiry to ereferrals@materprivate.ie

E-REFERRALS

- Good to full cover with most plans
- Day case 100% covered on many plans
- Waivers on shortfalls available
