NEW SERVICES

SAME-DAY HIP REPLACEMENT

A new approach to hip replacement surgery.

Using careful patient selection, patient education, and multi-modal pain management, same-day hip replacement is now a treatment option for fitter, healthier and traditionally younger patients.

- ✓ **May be suitable for up to 25% of patients**
- ✓ **Early mobilisation**
- ✓ **Pre-surgery joint school**
- ✓ **Intensive physiotherapy**
- ✓ **Active recovery support at home**

ROBOTIC-ASSISTED SPINAL FUSION SURGERY

A pioneering approach to spinal fusion surgery.

Mater Private is the first and only hospital in Ireland and the UK performing robotic-assisted surgery for spinal stenosis (compression) or spinal instability.

- ✓ **Smaller incisions and safer surgery**
- ✓ **Reduced blood loss and muscle damage**
- ✓ **Less post-operative pain**
- ✓ **Improved outcomes**
- ✓ **Faster recovery and return to normal daily life**
